## Languages

- C / C++
- Java
- Python
- HTML / CSS

## Frameworks & DB

- React
- Node.js
- MongoDB
- Microsoft Azure
- MySQL

## Languages

- Hindi
- English

## Education

(2024 – 2028)

COER UNIVERSITY, ROORKEE

Bachelor of Computer Applications (BCA)

CGPA: 9.0 (Current)

## Projects

### Full-Stack Web Projects

GITHUB.COM/DEADRAON

- Built full-stack applications using React (frontend) and Node.js (backend)
- Integrated MongoDB for database management and RESTful API development
- Deployed and managed cloud resources using Microsoft Azure
- All source code and demos available on GitHub profile

## Internship / Training

### Java & MySQL Training

COLLEGE-ORGANISED INTERNSHIP

- Completed hands-on training in Java programming and MySQL database management
- Built applications using JDBC to connect Java with MySQL databases
- Practised SQL queries, stored procedures, and database design

## Achievements

### 2nd Place — College Hackathon

Secured runner-up position in a college-level hackathon, demonstrating strong problem-solving skills, teamwork, and the ability to deliver a working solution under time pressure.
